Freedom of Information Act Request
Rockford School District

RE: Substitute teacher data

To Lori Hoadley,

In accordance with your state’s public records laws, I am requesting from your school district the following information:

- The total number of days worked by substitute teachers in your district
- The total amount paid to substitute teachers for work performed in your district
- The total number of substitute teachers that your district paid

I would like this information for the past 10 full, academic years (2005-06 through 2014-15) and for the information to be broken down by academic year. For example: Year 1, Number of Days, Amount Paid, Number of Subs … Year 2, Number of Days, Amount Paid, Number of Subs … etc.

Please note that I am not seeking personal or identifying information about any individual. I’m simply seeking three pieces of data from each academic year as part of my research for a possible story on substitute teachers.

If this request is declined, please state with particularity the explanation for the conclusion that the record is exempt or confidential.

I request the records to be transmitted to me, if possible, electronically via email.

If you expect the cost to produce these records to exceed $50, please provide a written estimate before production.

If you have any questions, I can be reached by phone at (815) 483-6645 or via email at ccurry@rrstar.com.

Best regards,

Corina Curry
